## 2. Key Centre Policies

At Barmera Kindergarten we aim to instil a passion for learning and life, based on positive relationships. We value each child as a unique individual and provide an environment that is welcoming, exciting, engaging, spontaneous, fun and safe using natural materials and spaces.

We strive to achieve this by valuing individuals and acknowledging families are the children's initial educators with significant ongoing influence in their lives.

In 2021 we commenced the Stephanie Alexander Kitchen Garden program, which connects our pedagogical approach, focus on environment and healthy eating.

Policies are available on our website.
